

Surveillance System for the Introduction of Antimicrobial Resistant (AMR)  
Organisms into the U.S. Following International Travel

Research Study

Date: \_\_\_\_\_

Dear \_\_\_\_\_,

We are writing to inform you that your study sample test results were negative for the antimicrobial resistant organisms we were looking for. Your enrollment in the antimicrobial resistance (AMR) research study is now complete.

Thank you for making the time and effort to be a part of our research.

Sincerely,

The MGH AMR Research Team
